

Group Mindset and Culture Training

The way to a very resilient & productive business!

Program Outline:

99% of achieving any results in life and/or business is dependant on an ironclad mindset. Working on mindset and developing it on a daily, weekly, and monthly basis is an important part of building a solid team from the executive level to junior staff. Simply put, leadership teams that grow together, stay together, and achieve more together.

After decades of supporting over 100,000 entrepreneurs, their staff, and their families, we have built out a process to lead people on a journey to building an ironclad mindset and heartset. People come from all walks of life, different backgrounds and cultures, and various upbringings, which has significant influence on who they become as adults and how they approach life and behave around challenges, situations, and events. This becomes our conditioning that has got us where we are today and to take things to a greater level in all areas of life, you must learn and take action and grow. Simply put, the person you are today is not the person you were 5 years ago, and the person you want to be 5 years from now, will not be the person you are today.

We will have the entire team working together at a much higher level and holding each other accountable to being fully self-aware and self-observant.

We meet in person with your team of up to 25 people for 2-hours each month and host separate monthly 1-hour Q&A sessions to work on breakthroughs as they come up.

***Detailed session descriptions available upon request**

Outcomes we provide:

-**A cohesive and amplified company culture** like you've never experienced before.

-**More efficient and productive staff** that have replaced negative words and poor habits with positivity and accountability. The more efficient and productive your staff are, the more profitable the business is and the more fun everyone has!

-**Resiliency.** Leadership and team members who don't give up, blame others, or talk at the water cooler when challenges arise.

Group Mindset and Culture Training

The way to a very resilient & productive business!

- **A collective, positive mindset** from CEO to junior staff member and a detailed understanding of the psychology of positive behaviour including proven and documented processes to follow that break poor habits and negativity for good.

What makes MYM different?

We know that business can be seriously emotional. We look at business holistically and know that our personal lives heavily impact our mindsets, and the business's results. We are mentors in business and yet fully understand mindset and 'childhood stuff', that unless worked on, will hold the business back.

We care for the business owners and their families and consider you part of our family when you join the program. We are all on a journey on this planet and how we look at things makes us unique in the world of coaching.

What it takes:

The financial investment is \$3,000 per month, for 6 months with the option to continue monthly. You are open to advice, feedback and ready to grow personally and professionally. You are goal obsessed and committed to greater levels of success. You do the work and do not stop when things get hard!

Time to go to the next level?

It all starts by booking a complimentary 15-minute call to determine if we are a FIT for one another and for you to get the clarity you need. Go ahead and get booked now so that we can determine if you are a fit and to start the journey immediately: <https://calendly.com/andrewsmym/15minfitcall>

"This training has literally changed my employees' lives. Not only are they better team members at work, but it has also improved who they are as people, how they interact with their families and how they treat their children. I highly recommend this training to any business owner committed to improving their culture and the lives of their employees."
